

NP1.1 Safeguarding and Child Protection Policy and Procedures

This policy applies to the whole School including EYFS at Newton Prep

Executive Summary

The safety and welfare of all our pupils at Newton Prep (or the “School”) is our highest priority. Our culture is one of safety, equality and protection. We are fully committed to always acting in the best interests of the child. Our business is to know everyone as an individual and to provide a secure and caring environment so that every pupil can learn in safety. **Safeguarding is everyone’s responsibility and no member of staff should assume that somebody else will take action and share information that might be critical in keeping children safe.**

Associated Policies

This policy is available on the [School website](#) and is included in the Staff Handbook and Staff Employment Manual. This policy is central to all our School policies and procedures and is one of a series in the School’s integrated safeguarding portfolio, which includes the following policies:

- Anti-Bullying Policy
- Behaviour Policy
- Complaints Procedure
- CCTV policy
- Data Protection Policy
- Educational Trips Policy
- Employment Manual (includes Staff Code of Conduct)
- E-Safety Policy
- Low-level Concerns Policy
- PSHE Policy
- Recruitment Policy
- Relationships, Sex and Education Policy
- SEND Policy
- Supervision and Lost (Missing) Child Policy (including children missing education)
- Visits and Visiting Speakers Policy
- Whistleblowing Policy

Our core safeguarding principles are that:

- safeguarding and promoting the welfare of children is everyone's responsibility;
- the School's responsibility to safeguard and promote the welfare of children is of paramount importance;
- The School has a 'whole school' approach to safeguarding, ensuring safeguarding and child protection underpin all School processes and policies to ensure the best interests of the child is at their heart;
- at Newton Prep we adopt a child-centred approach - always considering the best interests of the child, taking action to enable all children to have the best outcomes; and
- policies will be reviewed at least annually unless an incident or new legislation or guidance suggests the need for an interim review.

Child protection statement

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We endeavour to provide a safe and welcoming environment where children are respected and valued. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children are treated fairly and receive effective support and protection.

The procedures contained in this policy apply to all staff, volunteers, visitors and members of the School Council. In all matters relating to child protection, the School works closely with Wandsworth Safeguarding Children Partnership (WSCP) to ensure concerns about a child are dealt with in accordance with locally agreed inter-agency procedures. The WSCP (Police, Clinical Commissioning Group and the Local Authority) is responsible for protecting children and young people in Wandsworth from harm, abuse, neglect and exploitation, and promoting their welfare. The WSCP works to keep children safe, protect and promote their welfare across the Wandsworth area. Please see [Appendix 1](#) for all contact details of WSCP.

a) Policy principles

- The welfare of the child is paramount.
- All children, regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection.
- All staff have an equal responsibility to act on any suspicion or disclosure that may suggest a child is at risk of harm.
- All staff will reassure children that their concerns and disclosures will be taken seriously and that they will be supported and kept safe.
- Pupils and staff involved in child protection issues will receive appropriate support.

b) Policy aims

- To provide all staff with the necessary information to enable them to meet their safeguarding and child protection responsibilities.
- To ensure consistent good practice.
- To demonstrate the School's commitment regarding safeguarding and child protection to pupils, parents and other partners.

Terminology

Safeguarding and promoting the welfare of children refers to the process of protecting children from maltreatment, preventing the impairment of health or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.

Child protection refers to the processes undertaken to protect children who have been identified as suffering or being at risk of suffering significant harm.

Staff refers to all those working for or on behalf of the School, full time or part time, temporary or permanent, in either a paid or a voluntary capacity.

DSL refers to either or both of the designated safeguarding leads at the School

Child includes everyone under the age of 18.

Parent refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.

Safeguarding legislation and guidance

The following safeguarding legislation and guidance has been considered when reviewing this policy:

- [Keeping Children Safe in Education \(KCSIE\) 2023](#)
- [Disqualification under the Childcare Act 2006 \(updated September 2018\)](#)
- [What to do if you are worried a child is being abused - Advice for Practitioners \(March 2015\)](#)
- [Working Together to Safeguard Children \(July 2018\)](#)
- [Information sharing \(updated 2023\)](#)
- [Statutory Prevent Duty Guidance: for England and Wales \(July 2015, September 2023\)](#)
- [The Prevent Duty - Departmental Advice for Schools and Childcare Providers \(Childminders\) \(October 2022, updated September 2023\)\)](#)
- [The Use of Social Media for On-Line Radicalisation \(July 2015\)](#)
- [The Domestic Abuse Act 2021](#)
- [Statutory framework for the early years foundation stage \(March 2014, updated September 2023\)](#)
- [The Relationships Education, Relationships and Sex Education and Health Education \(England\) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017](#)

Local Safeguarding Roles and responsibilities

Please see [Appendix 2](#) - actions where there are concerns about a child.

Designated Safeguarding Leads		
Mrs Wendy Smith Deputy Head Lower School (including EYFS)	wsmith@newtonprep.co.uk 020 7720 4091 ext. 1208	
Mr Peter Archdale Deputy Head (Years 3-5)	parchdale@newtonprep.co.uk 020 7720 4091 ext. 1225	
Nominated Safeguarding Lead for School Council		
Dr Farouk Walji, Chairman	chairman@newtonprep.co.uk	

If neither of the designated safeguarding leads are available, staff should not delay in taking appropriate action. Staff should report their concerns to the Head and / or take advice from our local Multi-agency Safeguarding Hub (MASH). In these circumstances, any action taken should be shared with one of the designated safeguarding leads as soon as practically possible.

Head		
Mrs Alison Fleming	head@newtonprep.co.uk 020 7720 4091 ext. 1202	
MASH		
Wandsworth Duty MASH Team - 020 8871 6622 Out of Hours Service – 020 8871 6000 Secure email: (Mash@Wandsworth.gov.uk)		

The Designated Safeguarding Leads (DSLs)

The designated safeguarding leads (DSLs) take **lead responsibility** for safeguarding and child protection (including online safety and understanding the filtering and monitoring systems and processes in place) in the school. The DSLs have the status and authority within the school and sufficient time and funding to carry out the duties of the post. These duties include (but are not limited to):

- ensuring the child protection policies are known, understood and used appropriately by staff, reviewed annually and are publicly available
- advising and supporting staff on child welfare, child protection and safeguarding matters

- encouraging a culture of listening to children
- managing safeguarding referrals to children's social care, the police, or other agencies
- taking part in strategy discussions and inter-agency meetings
- making staff aware of training courses and the latest local safeguarding arrangements available through the local safeguarding partner arrangements
- transferring the child protection file to a child's new school
- request information from the school or nursery from which a child is joining for any records relating to Child Protection or Safeguarding
- undergoing training and receiving regular updates to maintain the knowledge and skills required to carry out the role, including Prevent awareness training.

For further details on the role of the DSL please refer to Annex C of KCSIE 2023

The Nominated Safeguarding Lead for School Council

This policy and its procedures are reviewed annually by the School Council responsible members and the Senior Leadership Team (SLT). Significant changes to the policy are also discussed annually by the School Council. The policy is kept updated in response to emerging or evolving safeguarding issues, including lessons learnt, if the DSLs and Senior Leadership Team decide this is needed.

At least once a year, the DSLs, the Chairman of the School Council (Dr Farouk Walji) and Mr Zac Barratt (nominated member of the School Council for safeguarding) meet to review significant child protection and safeguarding cases, the single central register and the efficiency with which the related duties have been discharged by the DSLs.

- ☐ The Chairman of the School Council is also the director of Newton Prep Limited (which runs the School) who has responsibility for the safeguarding arrangements and is responsible for ensuring that staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children; creating an environment where staff feel supported in their safeguarding role and are able to deal with concerns; and ensuring staff, especially those that work directly with children, have regular reviews of their own practice so that they have the appropriate knowledge, skills and experience which improve over time.

The proprietor should ensure that members of the School Council receive appropriate safeguarding and child protection (including online) training at induction. This training should equip them with the knowledge to provide strategic challenges to test and assure themselves that the safeguarding policies and procedures in place in the school are effective and support the delivery of a robust whole school approach to safeguarding. Their training should be regularly updated.

Good practice guidelines and staff code of conduct

The safety and welfare of all our pupils at Newton Prep is our highest priority. We are fully committed to always acting in the best interests of the child. This is reflected in our staff code of conduct which centres around our good practice guidelines. These include:

- treating all pupils with respect
- setting a good example by conducting ourselves appropriately
- involving pupils in decisions that affect them
- encouraging positive, respectful and safe behaviour among pupils
- being a good listener
- being alert to changes in pupils' behaviour or attendance and to signs of abuse, neglect and exploitation (please refer to [Appendix 3](#))
- recognising that challenging behaviour may be an indicator of abuse
- reading and understanding the school's child protection policy, staff behaviour policy and guidance documents on wider safeguarding issues
- having a sound understanding of the actions to take if there are any concerns about a pupil or a colleague in the School (for further details refer to - [Child Protection Procedures](#))
- being aware that the personal and family circumstances and lifestyles of some pupils lead to an increased risk of abuse
- referring all concerns about a pupil's safety and welfare to a DSL, or, if necessary, directly to police or children's social care.

Abuse of position of trust

As a result of their knowledge, position and/or the authority invested in their role, all adults working with children and young people in education settings are in positions of trust in relation to the young people in their care. A relationship between a member of staff and a pupil cannot be a relationship between equals. There is potential for exploitation and harm of vulnerable young people and all members of staff have a responsibility to ensure that an unequal balance of power is not used for personal advantage or gratification.

All school staff are aware that inappropriate behaviour towards pupils is unacceptable and that their conduct towards pupils must be beyond reproach.

Staff understand that under the Sexual Offences Act 2003 it is an offence for a person over the age of 18 to have a sexual relationship with a person under the age of 18, where that person is in a position of trust, even if the relationship is consensual. This means that any sexual activity between a member of the school staff and a pupil under 18 may be a criminal offence.

Wherever possible, staff should avoid behaviour which might be misinterpreted by others, and report and record any incident with this potential. The School's Staff Handbook and Employment Manual sets out our expectations of staff.

Children who may be particularly vulnerable

Some children may have an increased risk of abuse. Many factors can contribute to an increase in risk, including prejudice and discrimination, isolation, social exclusion, communication issues and reluctance on the part of some adults to accept that abuse can occur. Although not an exhaustive list,

these factors include:

- living away from home or in temporary accommodation
- living in chaotic and unsupportive home situations
- living transient lifestyles
- affected by parental substance misuse, domestic violence or parental mental health needs
- vulnerable to being bullied, or engaging in bullying
- vulnerable to discrimination and maltreatment on the grounds of race, ethnicity, religion, disability or sexuality
- do not have English as a first language
- at risk of sexual exploitation, female genital mutilation, forced marriage or being drawn into extremism
- poor or inconsistent attendance.

This list provides examples of additionally vulnerable groups and is not exhaustive. Please refer to [Appendix 4](#) for additional information about how the school promotes an ethos of protection through good lines of communication and robust pastoral systems.

Children with special educational needs and disabilities

Please refer to the School's Special Educational Needs and Disabilities Policy (NP7.1).

Children with special educational needs and disabilities (SEND) can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group of children, which can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- the potential for children with SEND being disproportionately affected by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

Staff are trained to recognise the particular vulnerability of children with SEND. Staff understand the absolute importance of ensuring that these (and all) children are listened to, are protected and feel safe. In particular, children with SEND can be more prone to peer group isolation, child-on-child abuse or bullying (including prejudice-based bullying) and may need extra pastoral support.

Children missing education

Please refer to the School's Supervision and Lost (Missing) Child Policy (including children missing education) (NP1.2)

Attendance, absence and exclusions are closely monitored by the DSLs. The School monitors all pupil absences from school and promptly addresses concerns about irregular attendance with the parent/carer.

A child going missing from education is a potential indicator of abuse or neglect. Staff follow the School's procedures for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of their going missing in future.

In line with KCSIE (2023), the School has in place an appropriate safeguarding policy, procedures and responses for children who go missing from education, particularly on repeat occasions.

Through regular safeguarding training, all staff are made aware of the signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns such as travelling to conflict zones, Female Genital Mutilation (FGM) and forced marriage.

Children who are lesbian, gay, bi, or trans (LGBT)

The fact that a child or a young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced and provide a safe space for them to speak out or share their concerns with members of staff.

LGBT inclusion is part of the statutory [Relationships Education, Relationships and Sex Education and Health Education](#) curriculum and there is a range of support available to help schools counter homophobic, biphobic and transphobic bullying and abuse.

Mental health

Staff understand that, as a School community, we have an important role to play in monitoring and supporting the mental health and wellbeing of the pupils. The School has the support of a full-time Mental Health Lead and Assistant Mental Health Lead on site, who are available to all pupils, with no appointment required.

The Mental Health Lead helps run whole school events to raise awareness of issues surrounding Mental Health and also heads up a team of staff (the Mental Health Champions) who receive additional training in mentoring and counselling. The whole school Mental Health initiative is designed to remove any stigma attached to the topic and help support anyone who needs it.

All staff are aware that Mental Health problems can be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are also aware that where children have suffered adverse childhood experiences those experiences can affect their mental health, behaviour and education.

To respond to an immediate mental health concern, staff are encouraged to adopt the ALGEE method - see [Appendix 11](#).

Staff use CPOMS to record any observations or concerns that they may have regarding a child's mental health, alerting the relevant form tutor, Head of Year and the Mental Health Lead. If required, Heads of Year can use the Mental Health and Well-Being pupil referral form (See [Appendix 12](#)) to refer a child for additional support from the Mental Health Lead. Children are also encouraged to talk to someone if they feel they need help. In addition to their Form Teacher, Head of Year or Deputy Head, the Mental Health Champions are widely advertised around the school as an extra layer of support. The children in Upper School also have the opportunity of going onto the Mental Health Aerobics section on Google Classroom to access a range of activities to help them with their mental health. This also provides them with access to the Mental Health Check-in form (See [Appendix 12](#)), which allows them to let staff know how they are feeling and ask for help if they need it.

Where staff are concerned that a child's mental health is also a safeguarding concern, they will discuss it with a DSL. The Mental Health Lead has regular meetings with the DSLs and Deputy Head (Years 6-8) to discuss the children she is working with. This includes both one-off sessions, 'walk-ins' and regular scheduled lessons and groups. Any safeguarding concerns raised in any of these sessions would be discussed immediately with a DSL.

Whistleblowing - if you have concerns about a colleague

Please refer to the School's Whistleblowing Policy (NP16.1)

The School has a culture of safety and of raising concerns. It has a culture of valuing staff and of reflective practice. The School's Whistleblowing procedures (which can also be found in the Employment Manual) enable staff to raise concerns or allegations, initially in confidence, and for a sensitive enquiry to take place. Our Whistleblowing procedures show how to report and handle concerns, including about poor or unsafe practice and potential failures in the School's safeguarding regime, provision for mediation and dispute resolution where necessary. Training and support is provided for staff. There is transparency and accountability in relation to how concerns are received and handled.

Staff who are concerned about the conduct of a colleague towards a pupil are undoubtedly placed in a very difficult situation. They may worry that they have misunderstood the situation and they will wonder whether a report could jeopardise their colleague's career. All staff must remember that the welfare of the child is paramount.

All concerns of poor practice or possible child abuse by colleagues should be reported to the Head. This includes all low-level concerns - please refer to the School's Low-level concerns policy and procedures (NP1.3) Any concerns or complaints about the Head should be reported to the Chairman.

Staff may also report their concerns directly to children's social care or the police if they believe direct reporting is necessary to secure action. Please see [Appendix 1](#).

Staff may wish to contact the [NSPCC whistleblowing helpline](#) if they feel unable to raise concerns internally or call the dedicated helpline on **0800 028 0285** (8am- 8pm Monday to Friday and 9am - 6pm at the weekend)

Allegations and concerns raised in relation to staff, supply staff, contractors and volunteers

This part of the guidance relates to members of staff, supply staff and volunteers who are currently working in the school regardless of whether Newton Prep is where the alleged abuse took place.

The school recognises that there will be occasions when a pupil at the school or a parent or another person may make an allegation against a member of staff.

Concerns and allegations that may meet the harm threshold will be addressed as set out in Section One of Part Four of [Keeping Children Safe in Education \(KCSIE\) 2023](#).

Low-Level Concerns

'Low-level' concerns and allegations that do not meet the harm threshold will be addressed as set out in Section Two of Part Four of [Keeping Children Safe in Education \(KCSIE\) 2023](#) that includes the following definition:

The term 'low-level' concern does not mean that it is insignificant, it means that the behaviour towards a child does not meet the threshold set out in Section One of Part Four of [KCSIE 2023](#). A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or college may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work; and
- does not meet the harm threshold or is otherwise not considered serious enough to consider a referral to the LADO.

The full procedures for dealing with allegations against staff and managing low level concerns raised about staff are detailed in [Appendix 5](#). Staff must complete a low-level concerns form for all 'low-level concerns' and submit this to the Head. Please refer to the Low-level Concerns Policy and Procedures (NP1.3) to access the Low-level Concerns form (printed copies can be found on the safeguarding notice board in the staff room) and for further information.

Allegations concerning staff who no longer work at the school, or historical allegations will be reported to the police.

Staff training (including Induction for new staff)

Induction - Every new member of staff, including part-timers, temporary, visiting, volunteers and contract staff working in the School, receives appropriate induction training and regular updates in line with the Wandsworth Safeguarding Partners on their responsibilities in being alert to the signs of abuse, bullying or children at risk of radicalisation and on the procedures for recording and referring any concerns in line with this policy.

Our Induction training covers:

- the School safeguarding and Child Protection policy and procedures
- online safety
- the role and identity of the DSLs
- KCSIE 2023 (Part One and Annex B)
- Behaviour policy
- Anti-bullying policy
- Supervision and Lost (Missing) Child Policy (including children missing education)
- Staff Code of Conduct
- The School's approach to the use of cameras, telephones and mobile devices including the restrictions in the EYFS areas of the School

As part of the induction process, electronic copies of the following policies and documents are given to all new members of staff (printed copies are available on request):

- Safeguarding and Child Protection policy (including role and identity of DSLs)
- Low-level concerns policy
- Behaviour policy
- Anti-bullying policy
- Whistleblowing policy
- Equal Opportunities policy
- KCSIE Part One and Annex B
- Employment Manual (including Staff Code of Conduct)
- Supervision and Lost (Missing) Child Policy (including children missing education)
- Newton Prep Academic Staff Handbook

Induction training takes place throughout the year, at whatever time a person joins the School. It is not reserved only for the start of an academic year. Confirmation of this is recorded, dated and signed for on their induction schedule which is then stored in our staff files.

At Newton Prep all staff members receive appropriate annual safeguarding and child protection training which is regularly updated, as well as teaching staff appraisals which take place every two years. In addition, all staff members are informed of updates as required (at least annually), usually through staff meetings. Safeguarding training includes identifying emerging problems, liaising with the DSL and sharing information with other professionals to support early identification and assessment.

The Head, the Chairman, the School Council and all staff attend regular (annual) refresher training in line with advice from the Wandsworth Safeguarding Partners, (with the DSLs also receiving annual training and operating in line with inter-agency working through the Wandsworth Safeguarding Partners). Please see [Appendix 6](#) for our Staff Safeguarding Training Log. The proprietors are aware of their responsibility under the Human Rights Act 1998, the Equality Act 2010, and their local multi-agency safeguarding arrangements.

In addition to completing the required training, all staff must then sign a declaration to confirm that they have read, understood and agreed to follow Part One and Annex B of KCSIE 2023) and the relevant school policies.

Temporary staff and voluntary staff who work regularly with children are also made aware of the School's arrangements. This is delivered through a training video recorded each year by the DSLs. Additionally, they must also attend a Safeguarding induction session with one of the DSLs before starting their employment. Once they have watched the training video and read Part One and Annex B of KCSIE 2023 , staff are required to fill in a declaration to confirm they have done so and complete a questionnaire to assess their understanding of the content covered.

Temporary staff are also given guidance to ensure that their behaviour and actions do not place themselves or pupils at risk of harm or of allegations of harm e.g. specialist performing arts/sports coaching, electronic communication. In this situation, they are reminded to keep doors open where possible, and to avoid any inappropriate physical contact with pupils, and to avoid using mobile telephones in their presence. They are also given clear instruction on how to report any concerns.

All staff also receive safeguarding and child protection updates via email, e-bulletins, website access and staff meetings throughout the year. There is a Safeguarding noticeboard in the staff room.

Safer recruitment

Please refer to the School's Recruitment, Selection and Disclosure Policy and Procedures (NP14.3)

The School follows the Government's recommendations for the safer recruitment and employment of staff who work with children and acts at all times in compliance with the Independent School Standards Regulations. It complies with the requirements of Keeping Children Safe in Education (DfE 2023) and the local safeguarding partner arrangements by carrying out the required checks and verifying the applicant's identity, qualifications and work history.

An interview panel will consist of at least one person trained in Safer Recruitment. Please see [Appendix 7](#) for our School Safer Recruitment Training Log.

All relevant staff (involved in early years settings and/or before or after school care for children under eight) are made aware of the disqualification from childcare legislation and their obligations to disclose relevant information to the School. Please refer to the Code of Conduct in the Employment Manual (NP14.1) for full details.

The School obtains written confirmation from supply agencies or third party organisations that supply staff or other individuals who may work in the school have been appropriately checked and are suitable to work with children.

Visitors who are not in regulated activity are also required to sign a declaration to confirm their suitability to work with children. This declaration is checked by one of the DSLs prior to their visit.

Trainee teachers will be checked either by the School or by the training provider, from whom written confirmation will be obtained confirming their suitability to work with children.

The School maintains a single central record (SCR) of recruitment checks undertaken which is overseen by the General Purposes Committee of the School Council. The SCR is also reviewed annually at the safeguarding review meeting between the DSLs, the Proprietor and the school council responsible member for safeguarding.

Volunteers

Volunteers, including members of the School Council, undergo checks commensurate with their work in the school, their contact with pupils and the supervision provided to them. Under no circumstances will a volunteer who has not been appropriately checked be left unsupervised.

Contractors

The School checks the identity of all contractors working on site and requests enhanced Disclosure &

Barring Service (or “DBS”) with barred list checks where required by statutory guidance. Contractors (including catering and cleaning staff) who have not undergone checks will not be allowed to work unsupervised during the school day.

Site security

Please refer to the School’s Security, Access, Control, Workplace Safety and Lone Working Policy (NP10.10)

We aim to provide a safe and secure environment in which our pupils can learn, our staff can work and our legitimate visitors can freely come and go.

During the school day, all visitors and contractors are required to sign in at our Reception, where they are issued with a visitor’s badge, which they are expected to wear at all times whilst on School property. All visitors are expected to observe the School’s safeguarding and health and safety regulations and accordingly staff are expected to escort their visitors whilst they are at the School and to ensure that they sign out (and return their badges) on leaving. Visitors must not be left unsupervised.

Extended school and off-site arrangements

Please refer to the School’s Educational Trips Policy (NP10.15)

All extended and off-site activities are subject to a risk assessment to satisfy health and safety and safeguarding requirements. Where extended school activities are provided by and managed by the school, our own child protection policy and procedures apply. If other organisations provide services or activities on our site on behalf of the School, we will check that they have appropriate procedures in place, including safer recruitment procedures.

When our pupils attend off-site activities, including day and residential visits and work-related activities, we will check that effective child protection arrangements are in place.

Child protection procedures

Recognising abuse

To ensure that our pupils are protected from harm, we need to understand what types of behaviour constitute abuse and neglect.

Abuse and neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm, for example by hitting them, or by failing to act to prevent harm, for example by leaving a small child home alone.

Abuse may be committed by adult men or women and by other children and young people.

Keeping Children Safe in Education (2023) refers to four categories of abuse. These are set out at [Appendix 3](#) along with indicators of abuse.

Taking action

Any child, in any family in any school could become a victim of abuse. Staff should always maintain an attitude of 'it could happen here'.

Key points for staff to remember are:

- in an emergency take the action necessary to help the child (including calling 999)
- report your concern as soon as possible to a DSL, prompt action is vital
- do not start your own investigation
- share information on a need-to-know basis only – do not discuss the issue with colleagues, friends or family
- seek support for yourself if you are distressed.

If you are concerned about a pupil's welfare

The School's curriculum and pastoral systems are designed to foster the spiritual, moral, social and cultural development of all our pupils. All staff play a vital role in this process, helping to ensure that all pupils relate well to one another and feel safe and comfortable within the School. We expect all teaching and medical staff to lead by example and to play a full part in promoting an awareness that is age-appropriate amongst all our pupils on issues relating to health, safety and well-being.

While bullying between children is not a separate category of abuse and neglect, it is a very serious issue that can cause anxiety and distress. All incidences of bullying, including cyber-bullying and prejudice-based bullying, should be reported and will be managed through our anti-bullying arrangements and pastoral systems, which are detailed in our Anti-Bullying Policy (NP4.1).

There will be occasions when staff may suspect that a pupil may be at risk. The pupil's behaviour may have changed or physical signs may have been noticed. In these circumstances, staff will try to give the pupil the opportunity to talk and ask if they are okay or if they can help in any way.

If the pupil does reveal that they are being harmed, staff should follow the advice below. Following an initial conversation with the pupil, if the member of staff has any safeguarding concerns they should discuss these with a DSL. The DSL will endeavour to provide staff with any relevant and appropriate updates as soon as they can.

If a pupil discloses to you

It takes a lot of courage for a child to disclose that they are being abused. They may feel ashamed, particularly if the abuse is sexual; their abuser may have threatened what will happen if they tell; they may have lost all trust in adults; or they may believe, or have been told, that the abuse is their

own fault. Sometimes they may not be aware that what is happening is abusive.

All staff should be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful.

If a pupil talks to a member of staff about any risks to their safety or wellbeing, **the staff member will, at the appropriate time, let the pupil know that in order to help them they must pass the information on to a DSL.** The point at which they tell the pupil this is a matter for professional judgement. During their conversations with the pupils, staff will:

- allow them to speak freely
- remain calm and not overreact
- give reassuring nods or words of comfort – ‘I’m so sorry this has happened’, ‘I want to help’, ‘This isn’t your fault’, ‘You are doing the right thing in talking to me’
- not be afraid of silences
- **not under any circumstances** ask detailed questions (just sufficient to establish an understanding or allow the child to tell/explain/describe)
- not automatically offer any physical touch as comfort
- avoid admonishing the child for not disclosing earlier. Saying things such as ‘I do wish you had told me about this when it started’ may be interpreted by the child to mean that they have done something wrong
- tell the pupil what will happen next
- discuss the matter with the DSL and record the details of the concern on CPOMS as appropriate.
- seek support if they feel distressed

Notifying parents

The School will normally seek to discuss any concerns about a pupil with their parents. It is important that we are honest and open in our dealings with parents. This must be handled sensitively, and the DSL will contact the parent in the event of a concern, suspicion or disclosure. The DSL may ask the child’s teacher or Head of Year to discuss the concern with the parents if appropriate.

Our focus is the safety and wellbeing of the pupil. Therefore, if the school believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will first be sought from children’s social care and/or the police before parents are contacted.

Confidentiality and sharing information

Following several cases where senior leaders in school had failed to act upon concerns raised by staff, Keeping Children Safe in Education (2023) emphasises that **any** member of staff can contact children’s social care if they are concerned about a child.

All staff understand that child protection issues warrant a high level of confidentiality. Staff should only discuss concerns with the DSL, the Head or the Chairman (depending on who is the subject of

the concern). That person will then decide who else needs to have the information and they will disseminate it on a 'need-to-know' basis.

The DSL will normally obtain consent from the pupil and/or parents to share sensitive information within the school or with outside agencies. Where there is good reason to do so, the DSL may share information *without* consent, and will record the reason for not obtaining consent.

Information sharing will take place in a timely and secure manner and where:

- it is necessary and proportionate to do so; and
- the information to be shared is relevant, adequate and accurate.

Information sharing decisions will be recorded, whether or not the decision is taken to share. Child protection information and records are kept confidential and are securely stored.

When a pupil leaves Newton Prep, our DSLs ensure that all records are passed on to the future school. This includes handing over any child protection file securely and proactively sharing information with the new school to enable the new school to have support in place for when the pupil arrives and to ensure that key staff there, such as their SENCO, are aware of any needs.

When pupils join Newton Prep, our DSLs request information from the school or nursery from which a pupil is joining for any records relating to Child Protection or Safeguarding as well as other needs that may require support.

The UK GDPR and the Data Protection Act 2018 do not prevent school staff from sharing information with relevant agencies, where that information may help to protect a pupil.

Child protection information will be stored and handled in line with our practice detailed in the School's Data Retention Guidelines (NP17.3). The School's Data Protection Policy (NP17.1) is also available to parents and pupils on request.

If any member of staff receives a request from a pupil or parent to see child protection records, they will refer the request to a DSL.

Reporting directly to child protection agencies

Staff should follow the reporting procedures outlined in this policy. However, they may also share information directly with children's social care, the police or the NSPCC if:

- the situation is an emergency and the DSLs, the Head and the Chairman are all unavailable
- they are convinced that a direct report is the only way to ensure the pupil's safety
- for any other reason they make a judgement that direct referral is in the best interests of the child.

Child-on-child abuse

Please also refer to the NP4.1 Anti-Bullying Policy which is particularly relevant to this section.

The School has a zero-tolerance approach to child-on-child abuse. All staff will challenge abusive behaviours between pupils and report **any** concerns to a DSL.

Children may be harmed by other children or young people. Staff are aware of the harm caused by bullying and will use the School's anti-bullying procedures where necessary. All staff recognise that children can abuse other children and have a responsibility to be clear about the School's policy and procedures regarding child-on-child abuse. All child-on-child abuse is unacceptable and will be taken seriously.

Child-on-child abuse can take many forms, including:

- **physical abuse** such as shaking, biting, hitting, kicking or hair pulling
- **bullying**, including cyberbullying, prejudice-based and discriminatory bullying
- **sexual violence and sexual harassment** such as inappropriate sexual language, touching, sexual assault or rape. This type of abuse will be responded to in accordance with detailed guidance in Part 5 of [KCSIE 2023](#).
- **causing someone to engage in sexual activity without consent**, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- **consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)** including pressuring another person to send sexual imagery or video content
- **abuse in intimate personal relationships between peers (also known as teenage relationship abuse)** - such as a pattern of actual or threatened acts of physical, sexual or emotional abuse
- **upskirting** – taking a picture under a person's clothing without their permission for the purposes of sexual gratification or to cause humiliation, distress or alarm
- **initiation/hazing type violence and rituals** - used to induct newcomers into an organisation such as sports team or school groups by subjecting them to a series of potentially humiliating, embarrassing or abusing trials which promote a bond between them
- **prejudiced behaviour** - a range of behaviours which causes someone to feel powerless, worthless or excluded and which relates to prejudices around belonging, identity and equality, in particular prejudices linked to disabilities, special educational needs, ethnic, cultural and religious backgrounds, gender and sexual identity.

Staff are made aware that abuse should never be tolerated or passed off as mere 'banter' or 'having a laugh'. As a co-educational school, staff recognise the gendered nature of child-on-child abuse and staff know that it is unacceptable. Tolerance of such behaviours can lead to a culture of unacceptable behaviours and an unsafe environment for children.

Different gender issues can be prevalent when dealing with child-on-child abuse, for example girls being sexually touched/assaulted or boys being subject to initiation/hazing type violence. However,

all staff recognise that it is more likely that girls will be victims of child-on-child abuse and boys are more likely to be the perpetrators. Staff are also aware that children who are (or who are perceived to be) LGBT can be targeted by other children.

Staff recognise that, even if there are no reported cases of child-on-child abuse, such abuse may still be taking place but simply not being reported. Staff also understand that child-on-child abuse can take place both inside and outside of school or online.

Minimising risk

At our school, we take the following steps to minimise or prevent the risk of child-on-child abuse.

- We adopt a whole-school approach to child-on-child abuse and all staff know that this type of abuse will not be tolerated and any concerns must be reported to a DSL.
- We promote an open and honest environment where pupils feel safe to share information about anything that is upsetting or worrying them.
- All pupils know that there are adults to whom they can turn to if they are worried, including their form teacher, the Head of Year, the DSLs, the School Mental Health Lead, Mental Health Champions, Playground Supervisors and the medical staff.
- Form teachers reinforce guidance throughout the year during form periods.
- Our Medical Room displays advice on where pupils can seek help.
- The Heads of Year, with support from the relevant Deputy Head, also play a significant role in monitoring pastoral systems and addressing issues to do with pupils' emotional well-being.
- Assemblies are used to provide a moral framework outlining acceptable behaviour and stressing the effects of bullying.
- High quality and well-planned RSE and PSHE lessons are used to reinforce messages about pupil safety and well-being through age-appropriate stories, role play, current affairs and other suitable activities.
- Upper School pupils are given guidance on where to turn for advice through posters in the classrooms, PSHE lessons and assemblies. Other posters, including confidential helplines and web addresses for external specialists such as Child Line, are also displayed around the School.
- Staff will endeavour always to create surroundings where everyone feels confident and at ease in school.
- We ensure that the school is well supervised, especially in areas where children might be vulnerable.
- We ensure that children who identify as LGBT can receive the support of a trusted adult with whom they can be open and have a safe space for them to speak out or share their concerns.

Managing allegations of child-on-child abuse

Staff should pass all allegations of child-on-child abuse to a DSL immediately. They will then be investigated and dealt with as follows.

- **Information gathering** – children, staff and witnesses will be spoken with as soon as possible to gather relevant information quickly to understand the situation and assess whether there was intent to cause harm.
- **Decide on action** – if it is believed that any young person is at risk of significant harm, a referral will be made to children’s social care. The DSL will then work with children’s social care to decide on next steps, which may include contacting the police.
- **Inform parents** - as with other concerns of abuse, the school will normally seek to discuss concerns about a pupil with parents. Our focus is the safety and wellbeing of the pupil and so if the school believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will first be sought from children’s social care and/or the police before parents are contacted.
- **Record** – all concerns, discussions and decisions made, and the reasons for those decisions, will be recorded in writing, kept confidential and stored securely on the school’s child protection and safeguarding system (CPOMS) and/or in the child’s separate child protection file. The record will include a clear and comprehensive summary of the concern, details of how the concern was followed up and resolved, and a note of the action taken, decisions reached and the outcome. The DSLs also record all allegations of child-on-child abuse on the Serious Misbehaviour and Bullying Log, which is reviewed regularly (at least monthly) at a Senior Leadership meeting.

Children can report allegations or concerns of child-on-child abuse to any staff member and that staff member will pass on the allegation to a DSL in accordance with this policy. To ensure children can report their concerns easily, the School has the following system in place for children to confidently report abuse:

- Pupils are told throughout the year that bullying is not accepted at Newton Prep.
- All our pupils are encouraged to tell a member of staff at once, if they suspect that bullying is taking place.
- Our PSHE programme is structured to enforce the message about community involvement and taking care of each other by developing social skills. It specifically tells pupils who they should inform if they are being bullied, or are worried that another pupil is being bullied.
- Other lessons, particularly PE (PD for EYFS), RS, TPR, English (CLL for EYFS) and Drama highlight the issue of bullying and reinforce this message by teaching moral and spiritual values that show bullying to be unacceptable.
- The School promotes an environment of good behaviour and respect, and takes every opportunity to celebrate success.
- Posters, books and stories reinforce the message to all pupils that they can speak to any staff member, including non-teaching staff, about anything that worries them and they will be listened to.

Where allegations of sexual violence or sexual harassment are made, the School will act in accordance with the guidance set out in KCSIE (2023).

Supporting those involved (victims, perpetrators and any other children affected)

The support required for a pupil who has been harmed (a victim) will depend on their circumstance, the nature of the abuse and the pupil's age. Support could include counselling,

mentoring, the support of family and friends and/or support with improving peer relationships or some restorative justice work.

Support may also be required for the pupil that harmed (a perpetrator). We will seek to understand why the pupil acted in this way and consider what support may be required to help the pupil and/or change their behaviours. Once those needs have been met, the consequences for the harm caused or intended will be addressed.

Appropriate support will also be offered to any other children affected.

Serious violence

All staff are made aware of indicators that children are at risk from or are involved with serious violent crime. These include increased absence, a change in friendships or relationships with older individuals or groups, a significant decline in educational performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts could also indicate that children have been approached by or are involved with individuals associated with criminal gangs.

All staff are made aware of the range of risk factors which increase the likelihood of involvement in serious violence, such as being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment or having been involved in offending, such as theft or robbery.

The Home Office's '[Preventing youth violence and gang involvement](#)' guidance contains advice for staff to understand the associated risks of serious violence.

Child abduction and community safety incidents

Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends and acquaintances); and by strangers.

Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation. As children get older and are granted more independence (for example, children going 'Home Alone' in Years 5, 6, 7 & 8). In order for a child to be added to the Home Alone register, their parents must first apply detailing their planned route. We will then ensure that the child attends a safety briefing with the relevant Deputy Head. to include practical advice on how to keep themselves safe when travelling to and from school.

Children and the court system

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children [5-11](#)-year olds and [12-17](#) year olds.

The guides explain each step of the process, support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained.

Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has an online [child arrangements information tool](#) with clear and concise information on the dispute resolution service. It may be helpful for us to signpost this resource to some parents and carers if required.

Children with family members in prison

Approximately 200,000 children in England and Wales have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. The National Information Centre on Children of Offenders ([NICCO](#)) provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children. Where appropriate, staff will consider using this information to best support children in this situation.

Child Criminal Exploitation (CCE) and Child Sexual Exploitation (CSE)

Both CCE and CSE are forms of abuse that occur where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. This power imbalance can be due to a range of factors, including age, gender, sexual identity, cognitive ability, physical strength, status and access to economic or other resources.

The School includes the risks of criminal exploitation and sexual exploitation in the PSHE and RSE curriculum. A common feature of such exploitation is that the child often doesn't recognise the coercive nature of the relationship and doesn't see themselves as a victim. The child may initially resent what they perceive as interference by staff, but staff must act on their concerns, as they would for any other type of abuse.

Child Sexual Exploitation (CSE)

CSE is a form of child sexual abuse which may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse.

CSE can occur over time or be a one-off occurrence and may happen without the child's immediate knowledge e.g. through others sharing videos or images of them on social media.

CSE can affect any child, who has been coerced into engaging in sexual activities. This includes 16 and 17 year olds who can legally consent to have sex. Some children may not realise they are being exploited e.g. they believe they are in a genuine romantic relationship.

Children and young people are often unwittingly drawn into sexual exploitation through the offer of friendship and care, gifts, drugs and alcohol, and sometimes accommodation. Sexual exploitation is a serious crime and can have a long-lasting adverse impact on a child's physical and emotional health. It may also be linked to child trafficking.

All staff are made aware of the indicators of sexual exploitation which, as well as including the indicators set out under CCE below, can also include having older boyfriends and suffering sexually transmitted infections or becoming pregnant. All concerns are reported immediately to a DSL.

Further information on signs of a child's involvement in sexual exploitation is available in Home Office guide: [Child sexual exploitation: definition and guide for practitioners](#)

Child Criminal Exploitation (CCE)

CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing, being forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

Children can become trapped by this exploitation as perpetrators can threaten victims (and their families) with violence or entrap and coerce them into debt. They may be coerced into carrying weapons such as knives or carry a knife for a sense of protection.

Children involved in criminal exploitation often commit crimes themselves. They may still have been criminally exploited even if the activity appears to be something they have agreed or consented to.

It is important to note that the experience of girls who are criminally exploited can be very different to that of boys and both boys and girls being criminally exploited may be at higher risk of sexual exploitation.

All staff are made aware of indicators that children are at risk from or experiencing criminal exploitation. The main indicators can include children who:

- appear with unexplained gifts or new possessions
- associate with other young people involved in exploitation
- suffer from changes in emotional well-being
- misuse drugs or alcohol
- go missing for periods of time or regularly return home late
- regularly miss school or education or do not take part in education.

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs around the country using dedicated mobile phone lines. Children and vulnerable adults are exploited to move, store and sell drugs and money, with offenders often using coercion, intimidation, violence and weapons to ensure compliance of victims.

County lines exploitation can occur where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child. This power imbalance can be due to the same range of factors set out under CCE, above.

Children can be targeted and recruited into county lines in a number of locations, including schools and colleges. Indicators of county lines include those indicators set out under CCE, above, with the main indicator being missing episodes from home and/or school. Additional specific indicators that may be present where a child is criminally exploited include children who:

- go missing and are subsequently found in areas away from home
- have been the victim or perpetrator of serious violence (e.g. knife crime)
- are involved in receiving requests for drugs via a phone line, moving drugs, handing over and collecting money for drugs

- are exposed to techniques such as ‘plugging’, where drugs are concealed internally to avoid detection
- are found in accommodation with which they have no connection or in a hotel room where there is drug activity
- owe a ‘debt bond’ to their exploiters
- have their bank accounts used to facilitate drug dealing.

Further information on the signs of a child’s involvement in county lines is available in guidance published by the Home Office: [Criminal Exploitation of children and vulnerable adults: County Lines guidance](#)

Modern Slavery and the National Referral Mechanism

Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including: sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs.

Further information on the signs that someone may be a victim of modern slavery, the support available to victims and how to refer them to the NRM is available in the Modern Slavery Statutory Guidance. There is more information relating to Modern slavery: how to identify and support victims on the main Government website - www.gov.uk

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child’s welfare. The DSL and deputies are aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and or discussion with the Local Housing Authority should be progressed as appropriate, the school understands that this does not, and should not, replace a referral into children’s social care where a child has been harmed or is at risk of harm.

Online safety, including the use of mobile/smart technology

Please see the School's E-Safety Policy (including Acceptable Use Agreements) (NP13.1)

Online Safety

In line with guidance in KCSIE 2023, the DSLs take lead responsibility for safeguarding and child protection, which includes the understanding of filtering and monitoring systems in place to protect children when accessing the internet at school. This understanding is shared with all staff so they are clear about their responsibilities regarding online safety.

Children are taught about E-Safety throughout their time at Newton Prep in ICT and Computing lessons as well as in PSHE, where it is taught explicitly in lessons and implicitly in discussions throughout the year. They are taught how to use the internet, email and apps responsibly, as well as how to recognise and respond to inappropriate behaviour.

It is essential that children are safeguarded from potentially harmful and inappropriate online material. The School aims to protect and educate pupils, students and staff in their use of technology and has mechanisms to identify, intervene in, and escalate any concerns where appropriate.

Online safety is reflected as required in all relevant policies and whilst planning the curriculum and teacher training.

Online safety risks can be categorised into four areas of risk:

- **content** - being exposed to illegal, inappropriate or harmful content such as pornography, fake news, misogyny, self-harm, suicide, radicalisation and extremism
- **contact** - being subjected to harmful online interaction with other users such as child-to-child pressure and adults posing as children or young adults to groom or exploit children
- **conduct** - personal online behaviour that increases the likelihood of or causes harm such as making, sending and receiving explicit images, sharing other explicit images and online bullying
- **commerce** - risks such as online gambling, inappropriate advertising, phishing or financial scams. Any concerns about the risk of phishing may be reported to the Anti-Phishing Working Group [APWG | Unifying The Global Response To Cybercrime](#)

All staff are aware of these risk areas and know to report any concerns to a DSL.

Staff/Pupil online relationships

All staff receive information on Newton Prep's E-Safety and Acceptable Use policies as part of their induction, as well as individually meeting with the Head of Digital Learning to go through and discuss them. All staff receive regular information and training on E-Safety issues in the form of INSET training and internal meeting time, and are made aware of their individual responsibilities relating to the safeguarding of children within the context of E-Safety.

Staff must not access social networking sites, personal email or any website which is unconnected with school work or business whilst in front of pupils or where pupils might be expected to be present.

When accessed from personal devices / off school premises, staff must use social networking sites with extreme caution, being aware of the nature of what is published online and its potential impact on their professional position.

Under no circumstances should school pupils be added as social network 'friends' or 'followers'.

Any digital communication between staff and pupils or parents / carers must be professional in tone and content. Under no circumstances may staff contact a pupil or parent / carer using any personal email address. The school ensures that staff may have access to their work email address when off-site, for use as necessary on school business.

Staff found to be in breach of these rules may be subject to disciplinary action or child protection investigation. Further details can be found in the Code of Conduct in the Employment Manual (NP14.1).

Use of mobile/smart technologies

The School has a clear policy on the use of mobile technologies, which is contained in our E-Safety Policy (NP13.1) and follows the guidance in KCSIE 2023. Whilst not exhaustive, below are some measures contained in the policy which support the safe use of mobile/smart technologies:

- Staff know the expectations regarding the use of personal mobile telephones and devices in School through training and the Code of Conduct.
- Staff may not use their own cameras, personal mobile phones or devices when teaching or supervising children in school.
- A school mobile phone is taken on each trip to be used as a primary means of contact. Teachers may use their own mobile phone during trips as a means of communicating with other staff members, the school or any emergency services, but not for personal use or for taking photographs.
- Parents are expected to follow the guidelines for taking photographs in School which are included in the School's Use of Images Policy (NP17.6).
- No personal electronic devices belonging to pupils are to be used at any time whilst on school premises, whether or not connected to the internet or how so connected. Pupils are allowed to wear smartwatches at school, but only in accordance with the School's Anti-Bullying policy (NP4.1) and ICT Acceptable Use Agreement for pupils.

All staff, parents and visitors to the School are reminded that we have restrictions on the use of cameras, mobile telephones and devices in our EYFS areas as follows:

- Parents are informed through the Parent Guide and regular reminders, as well as by signs around the School, that they may not use cameras, mobile telephones or devices within the EYFS areas of the School, specifically the Apple Courtyard and the outdoor play area adjacent to the Reception Classrooms.
- Staff are expected to challenge any adults using a camera, mobile telephone or device within the EYFS areas of the School and may seek support from a member of the Senior Leadership Team if necessary.
- The use of cameras, telephones and mobile devices is included in the Induction training.

Inappropriate online behaviour

Inappropriate online behaviour including bullying, the use of inappropriate language, the soliciting and sharing of nude or semi-nude images and videos and sexual harassment should be addressed in accordance with the same principles as offline behaviour, including speaking to a DSL when an incident raises a safeguarding concern. In cases where a school suspects a pupil of criminal behaviour online, they should report the incident to the DSL immediately.

Sharing nudes and semi nudes

Sharing photos, videos and live streams online is part of daily life for many children and young people, enabling them to share their experiences, connect with friends and record their lives.

Sharing nudes and semi-nudes means the sending or posting online of nude or semi-nude images, videos or live streams by young people under the age of 18. This could be via social media, gaming platforms, chat apps or forums, or done offline between devices via services like Apple's AirDrop.

The term 'nudes' is used as it is most commonly recognised by young people and more appropriately covers all types of image sharing incidents. Alternative terms used by children and young people may include 'pics'. Other terms used in education include 'sexting', 'youth produced sexual imagery' and 'youth involved sexual imagery'.

The motivations for taking and sharing nudes and semi-nudes are not always sexual or criminal. Such images may be created and shared consensually by young people who are in relationships, as well as between those who are not in a relationship. It is also possible for a young person in a consensual relationship to be coerced into sharing an image with their partner. Incidents may also occur where:

- children and young people find nudes and semi-nudes online and share them claiming to be from a peer
- children and young people digitally manipulate an image of a young person into an existing nude online
- images created or shared are used to abuse peers e.g. by selling images online or obtaining images to share more widely without consent to publicly shame

All incidents involving youth produced sexual imagery will be responded to as follows:

- The incident will be referred to a DSL immediately and the DSL will hold an initial review meeting with appropriate staff. If appropriate, there will be subsequent interviews with the young people involved.
- Parents will be informed at an early stage and involved in the process unless there is good reason to believe that involving parents would put the young person at risk of harm.
- At any point in the process, if there is a concern a young person has been harmed or is at risk of harm a referral will be made to children's social care and/or the police immediately in accordance with this policy.

In some instances, it may be necessary to refer the matter to the police. Once a report is made to the police, the report must be recorded, and the police will investigate. This may include seizure of devices and interviews with the young people involved.

The UK Council for Internet Safety updated its advice for managing incidences of sharing nudes: [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#). The School will have regard to this advice when managing these issues.

Domestic abuse

The Domestic Abuse Act 2021 recognises the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of abuse.

Domestic abuse is any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse, between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. It includes people who have been or are married, are or have been civil partners, have agreed to marry one another or each have or have had a parental relationship in relation to the same child. It can include psychological, physical, sexual, financial, economic and emotional abuse.

Anyone can be a victim of domestic abuse, regardless of sexual identity, age, ethnicity, socioeconomic status, sexuality or background and domestic abuse can take place inside or outside of the home.

Any child can witness and be adversely affected by domestic abuse in their home life. Experiencing domestic abuse can have a serious emotional and psychological impact on children, and in some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

[Operation Encompass: Home](#) operates in all police forces across England. When police have been called to a domestic violence incident where children are in the household and experienced that incident, the police will inform a DSL before the next school day. This ensures that the School has up to date safeguarding information about the child.

All staff are aware of the impact domestic violence can have on a child and the potential long-term impact on their health, well-being, development and ability to learn. If any of our staff are concerned that a child has witnessed domestic abuse, they will report their concerns immediately to a DSL.

Annex B of [KCSIE 2023](#) contains several links to further information and advice, including a National Domestic Abuse Helpline, which can be called free of charge and in confidence, 24 hours a day on 0808 2000 247.

Honour-based abuse (HBA)

‘Honour-based’ abuse (HBA) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. All forms of HBA are abuse.

Abuse committed in the context of preserving ‘honour’ often involves a wider network of family or community pressure and can include multiple perpetrators. Staff and the DSLs are aware of this dynamic and will consider it when deciding what safeguarding action to take.

FGM is the collective name given to a range of procedures involving the partial or total removal of external female genitalia for non-medical reasons. In England, Wales and Northern Ireland, the

practice is a criminal offence under the Female Genital Mutilation Act 2003. The practice can cause intense pain and distress and long-term health consequences, including difficulties in childbirth.

FGM is carried out on girls of any age, from young babies to older teenagers and adult women, so school staff are trained to be aware of risk indicators. Many such procedures are carried out abroad and staff should be particularly alert to suspicions or concerns expressed by female pupils about going on a long holiday during the summer vacation period.

The following [FGM Fact Sheet](#) is a useful summary of the FGM mandatory reporting duty to the police.

A forced marriage is a marriage in which a female (and sometimes a male) does not consent to the marriage but is coerced into it. Coercion may include physical, psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse. In England and Wales, the practice is a criminal offence under the Anti-Social Behaviour, Crime and Policing Act 2014.

Children may be married at a very young age, and well below the minimum age of consent in England. School staff receive training and should be particularly alert to suspicions or concerns raised by a pupil about being taken abroad and not being allowed to return to England.

A forced marriage is not the same as an arranged marriage. In an arranged marriage, which is common in several cultures, the families of both spouses take a leading role in arranging the marriage but the choice of whether to accept the arrangement remains with the prospective spouses.

Advice or information is available from the Forced Marriage Unit on 020 7008 0151 or via email fmv@fcdo.gov.uk

Radicalisation and extremism

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harm and abuse, protecting children from this risk is part of our child-centred approach to safeguarding. The following definitions are taken from KCSIE 2023:

- **Extremism:** is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.
- **Radicalisation:** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.
- **Terrorism:** is an action that endangers a person's life or causes serious violence to/against a person/people; creating a serious risk to the health and safety of the public or a section of the public, causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may

contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media or the internet) and settings (such as within the home).

Staff receive training to help to identify signs of extremism. Opportunities are provided in the curriculum to enable pupils to discuss issues of religion, ethnicity and culture and the promotion of fundamental British Values is detailed in the School's SMSC Overview (NP2.1).

Support and advice about extremism is available by calling the non-emergency police number, 101. There is also a DfE dedicated telephone helpline and mailbox for non-emergency advice for staff and School Council members: 020 7340 7264 and counter.extremism@education.gov.uk

The Prevent Duty

PLEASE ALSO SEE NEWTON PREP PREVENT DUTY RISK ASSESSMENT ([Appendix 13](#))

We recognise that it is a key role of the School to support children and in the process that the school may well provide stability in the lives of children who may be at risk of harm. We also recognise that our pupils can be vulnerable and exploited by others. Staff will be alert to the signs of vulnerability and/or susceptibilities to any extremist indoctrination.

Staff acknowledge the need for a culture of vigilance and action to be present in the School at all times to support safeguarding. This includes awareness and sensitivity to attitudinal changes of pupils which may indicate they are at risk of radicalisation.

Posters with the Childline Helpline Number (0800 1111) or the NSPCC Helpline (0808 800 5000) are visible around School. Pupils also have access to the Mental Health Lead to whom they can talk to at any time. Any concerns regarding children who may be at risk of being drawn into terrorism or radicalisation should be discussed with a DSL, as should any other concerns about children.

Staff receive Prevent Duty guidance as part of their annual safeguarding training or induction.

Private fostering arrangements

A private fostering arrangement occurs when someone other than a parent or a close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16 or aged under 18 if the child is disabled. By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify Children's services as soon as possible. For advice on this subject please contact a DSL for information.

When a member of staff becomes aware that a pupil may be in a private fostering arrangement, they will raise this with a DSL who will notify the local authority of the circumstances.

Special circumstances

Looked After Children

Staff members are alerted to the particular potential vulnerabilities of Looked After Children. For these children the School ensures a trained, designated member of staff has responsibility for the child's welfare and progress, and has up to date assessment information from the relevant LA, the most recent care plan and contact arrangements with parents, and delegated authority to carers. The School follows the guidance contained in 'Promoting the education of looked after and previously looked after children'.

The Designated Teachers for Looked After Children are Wendy Smith (EYFS and KS1) and Peter Archdale (KS2 and KS3).

Children who have a social worker

Children may need a social worker due to safeguarding or welfare needs. Local authorities will share

this information with us, and a DSL will hold and use this information to inform decisions about safeguarding and promoting the child's welfare.

Accessing the Policy: This policy is also available in various formats to allow everyone to access it e.g. hard copy, enlarged print version, braille etc. Please contact the Bursar to request a copy of this policy in an alternative form.

Review and Update Process

Last update	October 2023
Next update	September 2024

Appendices

Appendix 1 - External Agency Contact Information

WSCP: Wandsworth Safeguarding Children Partnership (WSCP) was launched on 12 July 2019, and is jointly led by the **Police, Clinical Commissioning Group (or CCG), and the Local Authority (or LA)**

The WSCP (Police, CCG and the LA), are responsible for protecting children and young people in Wandsworth from harm, abuse, neglect and exploitation, and promoting their welfare. The Wandsworth Safeguarding Children Partnership works to keep children safe, protect and promote their welfare across the Wandsworth area.

The **3 safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017) and Working Together to Safeguard Children 2018. They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs

Appendix 2 - Actions where there are concerns about a child

The flowchart below is taken from Keeping Children Safe in Education (2023). Please refer to the full document for further guidance.

Actions where there are concerns about a child

¹ In cases which also involve a concern or an allegation of abuse against a staff member, see Part Four of this guidance.

² Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

³ Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

⁴ Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

⁵ This could include applying for an Emergency Protection Order (EPO).

Appendix 3 - Four categories of abuse

Physical abuse

Physical abuse is a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education and all staff should be aware of it and of their school or college's policy and procedures for dealing with it.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or

- ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Indicators of abuse

Physical signs define some types of abuse, for example, bruising, bleeding or broken bones resulting from physical or sexual abuse, or injuries sustained while a child has been inadequately supervised. The identification of physical signs is complicated, as children may go to great lengths to hide injuries, often because they are ashamed or embarrassed, or their abuser has threatened further violence or trauma if they 'tell'. It is also quite difficult for anyone without medical training to categorise injuries into accidental or deliberate with any degree of certainty. For these reasons, it is vital that staff are also aware of the range of behavioural indicators of abuse and report any concerns to the designated safeguarding lead.

It is the responsibility of staff to report their concerns. It is not their responsibility to investigate or decide whether a child has been abused.

A child who is being abused, neglected or exploited may:

- have bruises, bleeding, burns, fractures or other injuries
- show signs of pain or discomfort
- keep arms and legs covered, even in warm weather
- be concerned about changing for PE or swimming
- look unkempt and uncared for
- change their eating habits
- have difficulty in making or sustaining friendships
- appear fearful
- be reckless with their own or other's safety
- self-harm
- frequently miss school, arrive late or leave the school for part of the day
- show signs of not wanting to go home
- display a change in behaviour – from quiet to aggressive, or happy-go-lucky to withdrawn
- challenge authority
- become disinterested in their school work
- be constantly tired or preoccupied
- be wary of physical contact
- be involved in, or particularly knowledgeable about drugs or alcohol
- display sexual knowledge or behaviour beyond that normally expected for their age
- acquire gifts such as money or a mobile phone from new 'friends'.

Individual indicators will rarely, in isolation, provide conclusive evidence of abuse. They should be viewed as part of a jigsaw, and each small piece of information will help a DSL to decide how to proceed.

Appendix 4 - Promoting awareness of teaching children to stay safe, including online

We recognise that the School plays a significant part in the prevention of harm to our pupils by providing good lines of communication with trusted adults and supportive friends, and an ethos of protection. We include within this the emotional wellbeing of our pupils and recognise the role the School plays in recognising and protecting our children who may be vulnerable to radicalisation or exposed to extremist views. This is actioned through E-Safety, Personal, Social and Health Education (PSHE) lessons and Personal, Social and Emotional development (PSED) lessons in EYFS .

The School's curriculum and pastoral systems are designed to foster the spiritual, moral, social and cultural development of all our pupils. Children are taught about how to keep themselves and others safe. All teaching staff play a vital role in this process, helping to ensure that all pupils relate well to one another and feel safe and comfortable within the School. We expect all teaching and medical staff to lead by example and to play a full part in promoting an awareness that is age-appropriate amongst all our pupils on issues relating to health, safety and well-being. All staff, including all non-teaching staff, have an important role in insisting that pupils always adhere to the standards of behaviour set out in our behaviour policy and in enforcing our anti-bullying policy.

Time is allocated in PSHE to discussions of what constitutes appropriate behaviour and on why bullying and lack of respect for others is never right. Assemblies, IT, drama and RS lessons are used to promote tolerance and mutual respect and understanding. Our Relationships and Sex Education lessons are delivered within the PSHE curriculum. Regular E-Safety talks for children and parents help educate on safe internet use. Lessons teach children about keeping safe in person and online. Children are taught about subjects, including radicalisation, to reduce risks and to build resilience. Internet safety is integral to the Computing curriculum and is also embedded in the PSHE and RSE curriculum. The DfE guidance '[Teaching Online Safety in School](#)' contains useful information to help ensure that pupils understand how to stay safe and behave online as part of existing curriculum requirements.

***'The foundation of resistance comes through instilling in pupils a core set of values and a positive identity. Fundamental golden rules or moral values that create an inclusive ethos, such as responsibility, kindness, respect and commitment, are great building blocks towards achieving mutual respect and understanding of one another.'* (Building Resistance to Extremism in Primary-Aged Pupils by Lucy Parker and Olivia Iannelli- May 2016).**

The NSPCC's child protection fact sheet '[Signs of child abuse](#)' should be referred to by all staff in raising their awareness of and helping them to identify the signs of child abuse. The KCSIE (2023) definitions of abuse are also included within this policy and should also be referred to by staff (page 43).

Staff are trained to recognise the particular vulnerability of children with special educational needs and/or disabilities. Staff understand the absolute importance of ensuring that these (and all) children are listened to, are protected and feel safe. In particular, children with special educational needs can be more prone to peer group isolation and the School should consider extra pastoral support for those children.

All pupils know that there are adults to whom they can turn to if they are worried, including their form teacher, the Head of Year, the School Mental Health Lead, and the medical staff. If the School has concerns about a child there is always a recognised requirement for sensitive communication

and designated staff members are aware of the need to avoid asking leading questions. Our support to pupils includes the following:

- Upper School pupils are given guidance on where to turn for advice through posters in the classrooms, PSHE lessons and assemblies. Other posters, including confidential helplines and web addresses for external specialists such as Child Line, are also displayed around the School. Form teachers reinforce guidance throughout the year during form periods.
- Our Medical Room displays advice on where pupils can seek help.
- We operate a scheme for pupils whereby our Mental Health Champions are available to listen and offer support to pupils at lunch time and during lessons through referral from DH345/DH678/DHLS. We also are able to refer pupils (through parents) to a counsellor.
- We provide guidance to our senior pupils in Year 8 when they are working as Playground Monitors with Lower School Pupils. They are advised of the importance of offering support and assistance to younger pupils, and to speak to an adult if any concerns are raised.
- We provide regular lessons and invite speakers in to talk to pupils about E-safety and to ensure that all pupils understand and adhere to the School's guidelines in this area. This includes guidance on educating pupils to stay safe including E-safety and online protection. Useful resources include: [UK Safer Internet Centre](#) or CEOP's [Thinkuknow](#). For more details on cyber-bullying please refer to the School's Anti-Bullying Policy.

Appendix 5 - Allegations and concerns raised in relation to staff, supply staff, contractors and volunteers

The School recognises that there will be occasions when a pupil at the school, or a parent or another person may make an allegation against a member of staff. Our procedures are guided by Part Four of [Keeping Children Safe in Education \(KCSIE\) 2023](#) and are in line with the locally agreed multi-agency safeguarding arrangements put in place by our safeguarding partners, Wandsworth Safeguarding Children Partnership.

Concerns and allegations that may meet the harm threshold will be addressed as set out in Section One of Part Four of KCSIE. 'Low-level' concerns and allegations that do not meet the harm threshold will be addressed as set out in Section Two of Part Four of KCSIE.

Staff should raise any concerns, including all low-level concerns, about another staff member with the Head. If the concern is about the Head, the concern should be raised with the Chairman (without first notifying the Head) in accordance with the procedures in School's Safeguarding and Child Protection Policy and Procedures. In a situation where there is a conflict of interest in reporting the matter to the Head, this should be reported directly to the local authority designated officer(s) (LADOs).

Allegations that may meet the harm threshold:

The term "allegation" refers to concerns reported or raised that might indicate a person has caused harm to a child, acted in a way that created potential serious risk to a child or would pose a risk of harm if they continue to work in regular or close contact with children in their present position, or in any capacity. This means it has been alleged that a teacher or member of staff (including supply staff and volunteers) in a school or college that provides education for children under 18 years of age has:

- behaved in a way that has, or may have, harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

When the allegation meets the any one of the criteria above:

- inform the Head immediately where an allegation is made about any member of staff (other than the Head) including the DSLs. The Head would inform the LADO immediately of such an allegation. The School will not investigate before referral to the LADO.
- where the allegation is about the Head, inform the Chairman immediately without first informing the Head. The Chairman would immediately inform the LADO of such an allegation.
- follow Wandsworth Procedures for Managing Allegations against Staff. This will always involve a discussion with LA officers and a referral to the Local Authority Designated Officer (LADO).
- Referrals to the LADO must be made via the MASH (020 8871 6622)

If it is not possible to report to the Head or the Chairman, a report should be made immediately to a DSL. The DSL will take action in accordance with these procedures and will as soon as possible inform the Head or, where appropriate, the Chairman.

All such allegations must be dealt with as a priority without delay. > [LADO \(Local Authority Designated Officer\) | THRIVE Wandsworth](#)

The table below shows how concerns and allegations that meet the harm threshold are addressed:

Concern/allegation about:	Report to:	Referral to:	Additional notes:
Staff, DSL, supply staff, volunteer	Head	Local Authority Designated Officer (LADO)	
Head	Chairman	LADO	Report without informing the Head
Sole proprietor head		LADO directly	
Where there is a possible conflict of interest in reporting to the Head		LADO directly	
A person dismissed/removed (or would have been)		Disclosure and Barring Service (DBS)	
Professional misconduct		Teaching Regulation Agency (TRA)	

Concerns that do not meet the harm threshold:

Any member of staff who has a concern about another member of staff should fill in a Low-Level Concern Form and hand it to the Head. For more information regarding a low level concern, please refer to (NP1.3) Low-Level Concerns Policy and Procedures.

Supply teachers

In some circumstances the School may have to consider an allegation against an individual not directly employed by them, where its disciplinary procedures do not fully apply, for example, supply teachers provided by an employment agency or business (referred to in this section as 'the agency').

Whilst the School is not the employer of supply teachers, it will ensure allegations are dealt with properly. In no circumstances will the School decide to cease to use a supply teacher due to safeguarding concerns, without finding out the facts and liaising with the local authority designated officer (LADO) to determine a suitable outcome. The person responsible for the engagement of the supply teacher/SLT/a DSL/the Head will discuss with the agency whether it is appropriate to suspend the supply teacher, or redeploy them to another part of the School, whilst they carry out their investigation.

Agencies should be fully involved and co-operate in any enquiries from the LADO, police and/or children's social services. The School will usually take the lead because agencies do not have direct access to children or other School staff, so they will not be able to collect the facts when an allegation is made, nor do they have all the relevant information required by the LADO as part of the referral process. Supply teachers, whilst not employed by the School, are under the supervision, direction and control of the School when working in the School. They should be advised to contact their trade union representative if they have one, or a colleague for support. The allegations management meeting which is often arranged by the LADO should address issues such as information sharing, to ensure that any previous concerns or allegations known to the agency are taken into account by the School during the investigation.

When using an agency, the School will inform the agency of its process for managing allegations. This will include inviting the agency's human resource manager or equivalent to meetings and keeping them up to date with information about its policies.

Appendix 6 - Staff Safeguarding Training Log

Safeguarding training attended by staff (to date)

Name	Role	Training attended	Date(s) of Training
Alison Fleming	Head	DSL Training (Wandsworth)	January 2022
Wendy Smith	DHLS & DSL	Advanced Safeguarding for DSLs (Wandsworth)	March 2023
Peter Archdale	DH345 & DSL	DSL Training (NSPCC)	June 2023
School Council		Safeguarding Training (DSL led training)	September 2023
All teaching staff		PREVENT training (SmartLog)	September 2023
All staff		Safeguarding Training (DSL led training)	September 2023

Our DSLs attend training in accordance with Wandsworth policy which is not less frequently than every two years. This always includes inter-agency working, participation in child protection case conferences, supporting children in need, identifying children at risk of radicalisation, record keeping, promoting a culture of listening to children and general Prevent duties.

Appendix 7 - Safer Recruitment Training Log

Safer recruitment training attended by staff (to date)

Name	Role	Date of Most Recent Training
Alison Fleming	Head	05.10.20
Sarah Hales	DH678	4.10.23
Farouk Walji	Chairman	05.10.20
Wendy Smith	DHLS & DSL	05.10.20
Peter Archdale	DH345 & DSL	16.10.23
Nicola Stone	DHT&L	
Liesl Chaudhury	HR Manager	05.10.20
Chris Woodward	Assistant Head & DOM	05.10.20
Naheema Walji	Compliance Officer	05.10.20
Susan Douglas	HR Assistant	05.10.20
Gerald Hearn	Facilities Manager	05.10.20
Belinda Clothier	Assistant Head Lower School	05.10.20
Charlie Blair	Assistant Head Upper School	05.10.20
Simon Broxham	Bursar	June 2021

Appendix 8 - Mental Health - ALGEE method

ALGEE is a method for responding to immediate mental health concerns.

Ask, Assess, Act

Where a young person is distressed, the member of staff should ask them what support they need and want. Assess the risk of harm to self or others and try to reduce any risk that is present.

Listen non-judgmentally. Give them time to talk and gain their confidence to take the issue to someone who could help further.

Give reassurance and information. Tell them how brave they have been. Gently explain that you would like to help them. Do not promise confidentiality - it could be a child protection matter.

Enable the young person to get help to work through the avenues of support.

Explain that you would like to share their thoughts with someone else so that they can get the best help. Encourage them to speak to someone - offer to go with them. Encourage self-help strategies.

High Risk- If you consider the young person to be at risk then you should follow Child Protection procedures and report your concerns directly to your DSL. The DSL will decide on the appropriate course of action. This may include: contacting parents/carers, arranging professional assistance e.g. doctor/nurse, arranging an appointment with a counsellor, arranging a referral to CAMHS - with parental consent, giving advice to parents, teachers and other students.

See '[Mental Health and Behaviour in Schools](#)' (March 2016) and '[Counselling in Schools: a blue print for the future](#)' (February 2016). The School has the support of a Mental Health Lead on site, available to all pupils, with no appointment required.

If you become aware of the indicators of any of these types of abuse you should share your concerns with the DSL. It is not your job to decide if abuse is taking place. It is your duty to pass on concerns to the DSL.

There are also those who are at risk of abuse; children whose situations do not currently fit the above categories, but where social and medical assessments indicate that they are of significant risk of abuse. These could include situations where another child in the household has been harmed or the household contains a known abuser.

Nationally, some 25% of all Safeguarding referrals originate from schools. It is therefore essential that school staff are aware of the issues and the procedures to be followed when there are concerns about abuse or neglect.

Newton Prep has an Anti-Bullying Policy which includes information on cyber-bullying, and should be read in conjunction with this policy.

Appendix 9 - Mental Health Information & Links

The following documents and best practice guidance, linked to KCSIE 2023, have been considered when drafting this policy:

- [Preventing and Tackling Bullying.](#)
- [Mental Health and Behaviour in Schools](#)
- [Promoting Children and Young People's Mental Health and Wellbeing](#)
- [Rise Above](#)

The Mental Health Check in form can be found [here](#) - for children in Upper School to use independently, or with their parents, to let us know how they are feeling.

The Mental Health and Wellbeing pupil referral form can be found [here](#)- for Heads of Year to refer a child for additional support and guidance from the Mental Health Lead.
